

**Marine — Liferaft Container :**
Introduction of multi-label sheets

This Service Bulletin affects products from the brands that follow:

	Survitec Dunmurry - Belfast Northern Ireland
	DSB Deutsche Schlauchboot Eschershausen Germany
	Survitec Dunmurry - Belfast Northern Ireland
	Survitec Zodiac Chevanceaux France

This Service Bulletin has been technically approved by Survitec Design Authority.

A vertical revision bar in the left hand margin identifies a change.

1. Introduction

The current labelling process of marine liferaft containers uses a series of labels which are purchased and controlled separately. This is a time consuming process, made more complicated by the multiple container/liferaft configurations that are catered for. Additionally, 'do-not-cut' tape is wrapped around each container strap and is replaced every time a liferaft is serviced, generating significant single-use plastic waste.

Survitec has introduced multi-label sheets whereby all labels required for a given liferaft container are included on one sheet. The multi-label sheets also feature 'do-not-cut' labels which replace the 'do-not-cut' tape that is currently used.

This service bulletin tells you how to remove existing container labels from the container and replace with the new container labels from the respective multi-label sheet.

There will be an introductory period during which individual labels may be purchased to balance stock levels, but once complete, new multi-label sheets must be implemented.

As there are current and legacy products not yet covered by a multi-label sheet, part numbers for existing labels will not be made obsolete at this time to enable purchase for use on those products only.

2. Equipment affected

Product group	Service manual reference
Ferryman	M 177
Ferryman Open Reversible Liferaft	M 310
Means of Rescue	M 236
Surviva Mk I Liferaft	M 090
Surviva Mk II Liferaft	M 245
Surviva Mk III Liferaft	M 251
Surviva Mk IV Annual Service Liferaft	M 269-00 (Eng)
	M 269-02 (Fra)
Surviva Mk IV Extended Service Liferaft	M 271
Spares servicing kits for ESR (Survitec brand only)	N/A
Spares servicing kits for Ferryman (RFD brand only)	N/A

3. Embodiment date

Do this service bulletin at the next scheduled service.

4. Necessary parts

Item	Description	Part number
1	Surviva annual service liferaft, multi-label sheet for throw-over and davit-launch containers. Refer to Figure 1 .	—
	<i>RFD brand</i>	53795001
	<i>Survitec Zodiac brand</i>	53796001
	<i>DSB brand</i>	53797001
	<i>Survitec brand</i>	53819001
2	Multi-label sheet for davit-launch containers. Refer to Figure 2 .	53801001
3	Surviva extended service liferaft, multi-label sheet for throw-over and davit-launch containers. Refer to Figure 3 .	53800001
4	Ferryman multi-label sheet for throw-over containers. Refer to Figure 4 .	53798001
5	Means of Rescue multi-label sheet for containers. Refer to Figure 5 .	53799001

These parts are available for purchase from Survitec **and are supplied in packs of fifty**. Use current stock of individual container labels before you order a multi-label sheet(s).

NOTE: There are four brand variants of item 1. Each brand variant contains the same labels except for the brand label. You must order the part number that relates to your respective brand. **Figure 1** shows the brand label variants.

NOTE: Each multi-label sheet uses a letter nomenclature to reference each individual label. This service bulletin uses the item number and letter nomenclature to reference a label position on the container, e.g. Label A on item 1 is shown as **1A** and Label A on item 2 is shown as **2A** *et cetera*. The number relates to multi-sheet label item and letter relates to individual label.

NOTE: A combination of item 1 and item 2 multi-label sheets are used for annual service davit-launch liferafts.

NOTE: A combination of item 2 and item 3 multi-label sheets are used for extended service davit-launch liferafts.

This liferaft has been approved and certified for extended service in accordance with the requirements of SOLAS 1974/1988.

To comply with this, the liferaft must be inspected on board by a person on certified for such purposes by Survitec Group Ltd. at 12 months intervals. The records of such inspection must be retained on an approved form and the liferaft must be replaced at intervals of 20 months at a Survitec Group Ltd. approved Liferaft Service Station.

5. Necessary equipment and tools

- Blunt scraping tool
- Heat tool
- Lint-free cloth
- Toluene

BLANK PAGE

6. Tasks

- A. Obey the correct service manual to service, test and pack the equipment.
- B. Remove the old container labels:

WARNING: THE HEAT TOOL CAN CAUSE YOU INJURY.

CAUTION: THE HEAT TOOL CAN CAUSE DAMAGE TO THE CONTAINER.

- (1) Use a heat tool to heat each container label.

CAUTION: TAKE CARE NOT TO CAUSE DAMAGE TO THE GEL ON THE CONTAINER.

- (2) Use a blunt scraping tool to remove the container labels from the container.
- (3) Discard the container labels.
- (4) Make a clean, lint-free cloth moist with toluene.
- (5) Use the cloth to clean the target area.

C. Attach the new container labels:

(1) Surviva annual service liferaft throw-over containers:

(a) Get item 1. Refer to **Figure 1**.

(b) Attach the respective labels to the appropriate container.

- Mk 10 size 3 and 4. Refer to **Figure 6** for label positions.
- Mk 10 size 6. Refer to **Figure 7** for label positions.
- Mk 10 size 7 and 9. Refer to **Figure 8** for label positions.
- Mk 14 size 12. Refer to **Figure 9** for label positions.
- Mk 14 size 14. Refer to **Figure 10** for label positions.
- Mk 14 size 17. Refer to **Figure 11** for label positions.
- Mk 16 size 2. Refer to **Figure 12** for label positions.
- Mk 18 size 1. Refer to **Figure 13** for label positions.
- Mk 18 size 3. Refer to **Figure 14** for label positions.

- (2) Surviva annual service liferaft davit-launch containers:
- (a) Get item 1 and item 2.
Refer to **Figure 1** and **Figure 2**.
- (b) Attach the respective labels to the appropriate container.
- Mk 10 size 4. Refer to **Figure 15** for label positions.
 - Mk 10 size 6. Refer to **Figure 16** for label positions.
 - Mk 10 size 7 and 9. Refer to **Figure 17** for label positions.
 - Mk 14 size 14. Refer to **Figure 18** for label positions.
 - Mk 14 size 17. Refer to **Figure 19** for label positions.
 - Mk 20 size 7. Refer to **Figure 20** for label positions.

- (3) Surviva extended service liferaft throw-over containers:
- (a) Get item 3. Refer to **Figure 3**.
- (b) Attach the respective labels to the appropriate container.
- Mk 10 size 4. Refer to **Figure 21** for label positions.
 - Mk 10 size 9. Refer to **Figure 22** for label positions.
 - Mk 14 size 14. Refer to **Figure 23** for label positions.
 - Mk 14 size 17. Refer to **Figure 24** for label positions.
 - Mk 20 size 7. Refer to **Figure 25** for label positions.

- (4) Surviva extended service liferaft davit-launch containers:
- (a) Get item 2 and item 3.
Refer to **Figure 2** and **Figure 3**.
- (b) Attach the respective labels to the appropriate container.
- Mk 10 size 9. Refer to **Figure 26** for label positions.
 - Mk 14 size 14. Refer to **Figure 27** for label positions.
 - Mk 14 size 17. Refer to **Figure 28** for label positions.
 - Mk 20 size 7. Refer to **Figure 29** for label positions.

(5) Ferryman containers:

(a) Get item 4.

Refer to **Figure 4**.

(b) Attach the respective labels to the appropriate container.

- Mk 10 size 6. Refer to **Figure 30** for label positions.
- Mk 10 size 9. Refer to **Figure 31** for label positions.
- Mk 14 size 17. Refer to **Figure 32** for label positions.
- Mk 15 size 31. Refer to **Figure 33** for label positions.
- Mk 16 size 2. Refer to **Figure 34** for label positions.
- Mk 16 size 3. Refer to **Figure 35** for label positions.
- Mk 16 size 4. Refer to **Figure 36** for label positions.

7. Recording

A. For each liferaft to which this service bulletin has been applied, complete the appropriate record card(s).

(1) Record details of the service onto the service record card. In the appropriate field, write “SB 46/21 Ver.2 APPLIED”.

8. Reporting

A. None required.
